## THE PRESIDENT SPEAKS:

Dear Old Friends,

Happy Ramadan to you all. May Allah (SWT) Grant all our fasting and allow us to do maximum righteous deeds in this holy month of Ramadan. This is the holy month in which most of us try to donate Zakat Money. ORCA has a Zakat Fund account to disburse the money of the ORCA members who find it difficult to do it themselves particularly the overseas members. In doing so, ORCA has another added advantage that the money could be utilized in the ORCA humanitarian institutions like ORCA (Orphanage) Home at Chittagong, ORCA village at Moktarpur. The money is disbursed by Senior ORCA members who are religiously of sound background and have adequate knowledge to decide whether a particular project qualifies to enjoy Zakat Money

On the other hand ORCA (Orphanage) Home needs fund badly to ensure its very existence. The present recurring expenses of this noble project is about Tk. 20,000.00 per month, which has been so far running solely on the personal contributions of the ORCA Chittagong chapter members!! With 8 (eight) orphans the ORCA Home has already embarked its glorious journey recently. I do congratulate the Chittagong chapter members who have been taking unlimited pains in materializing this noble venture. Now it is our turn to ensure its onward forward march.

ORCA further needs money to distribute winter cloths among the needy people around RCC.

I would therefore request all of you to channel your Zakat Money or any of your private donations to the ORCA Zakat Fund in the following account: - ORCA Zakat Fund, SB A/C No. 34020363, National Bank Ltd., Elephant Road Branch, Dhaka, Bangladesh.

By doing so not only will you be clearing off your religious obligations but also shall you be upholding the cause of the ORCA noble institutions.

With all my best wishes.

(ENGR. M. SIDDIQR RAHMAN) 2/53  
ORCA President

## ORCA BLOOD FOR LIFE NEWS

Hopefully by this time, you are all well acquainted with the concept and purpose of ORCA Blood for Life. But before commencing its operation, finding a suitable place was a key issue to be solved. Thank to Almighty; we finally got the most suitable and easily accessible office space for OBL, the 2<sup>nd</sup> floor of ORCA office at 250 New Elephant Road. Recruitment of its office bearers are now going on and hopefully OBL will go into full operation by the end of this year. But only the office space or office bearers could not deliver the anticipated service towards our community without a sufficient number of committed Blood Donors. So it is your turn now to show the true ORCA spirit by filling up the 'Donor Registration Form' and send it back to the ORCA office by the first week of December. We hope that all the ORCA members will come forward to take up the challenge by becoming himself a donor and at the same time, encouraging his close associates to become donors. Hopefully all of you have already received the OBL registration form by this time, so please be quick in your response.
