LET US NOT FORGET HIM

The giant of Rajshahi Cadet College, the nucleus of 2nd Batch rather ORCA Major Muhammad Talebul Mowla Chowdhury (2/58) more dearly known as RUMY has embarked his eternal journey about a year back. But the essence of his living memories has not yet faded away the least. The Mountain Man of Rajshahi Cadet College whom the then Principal, Wing Commander M. Syed lovingly used to call "MAJOR" in the early days of 1966 had a heart much bigger than his body itself. Anyone who came across this noble character could hardly save himself of being the victim of the tortures of his warmest hospitality, love and affection. He was unparallel in his charity. All the beggars round the traffic points of the Dhaka city in particular knew him, referred him as the most generous man of the city. A Valiant freedom fighter of the country who fought the most desperate and difficult war of liberation of the country. But his greatest pride was that he was a MUSLIM. I have hardly seen a MUSLIM with such a strong IMAN like him! (On Allah!!) Please grant his IMAN. Towards the fag end of his life I used to silently observe that he was physically eroding away, the subject which he never shared with any body, But gradually he was ascending the ladder of a perfect MUSLIM. It was RUMY who played the pioneer role in forming today's ORCA in the initial teeth biting days of its very survival in 1972. It is him who always

came forward with all his might and right to rescue ORCA at all its crisis hours. It is him in whose company highest numbers of ORCA members are still serving. Being a LTS of ORCA again it is RUMY who was a life long contributor of Tk. 1000.00 per month for ORCA till his last day. Today at this golden hour ORCA only a very few characters can be named who relentlessly kept on endeavoring to uphold and reach ORCA in today's colorful height. RUMY is one of those rare and humble ones. ORCA can not repay the huge debt he owes to us but by sending continuous DUA for the salvation of this great departed SOUL.

2nd Batch could not yet recover from the sudden demise of their dearest friend RUMY who left us most silently on the fateful night of 12th May, 2002 leaving us in an endless ocean of unending tears, the hearts are bleeding and bleeding and bleeding, memories are still haunting us making it hard to believe that he has really left us and will never be back with his ever smiling charismatic face even at the cost of the whole world!! Dear Bhaiya, may you rest in peace in the Zannatul Ferdous, may Allah (SWT) grant you the merit of the death of SHOHID, a cherished desire you longed throughout your life. A M E E N.

Engr. M. Siddiquir Rahman 2/53

HE WILL LIVE FOREVER IN OUR HEART

'Man is Mortal' - We have come to know from our childhood. But we haven't found many proofs of such proverb of late. We have found people to die of old age but the death of Asad was such unexpected news that we were struck-dumb and we could not imagine in the worst of our dreams.

Md. Asaduzzaman (29/1533) is such a name, we have not heard any complains of him. The unending stock of exuberation and spontaneity, defined Asad. In every step of his daily life his spontaneity is notable. In Cadet College his house feelings was worth imitating. And for the reason that I was a cadet of another house, I was well aware of it. His sprout presence in hockey, cricket and volleyball grounds is worth taking notice of. It is hard for us to believe now that Asad is not among us any more.

In his personal life he was a polite yet of tremendous

mental strength. He used to conceal his sorrow within himself.

It was 8 A. M. when I heard the news of death of this modest boy. I rushed to D.M.C I could not believe it in anyway, that Asad is not among us anymore. But in the deepest core of our heart, his memory is cherished by all of us. Now its time to accept the truth that Asad has gone for good the one who goes in that world, never returns. Even then, we expect his call in our dreams. He is alive among us will be forever.

Mahmood (29/1549)

[Note : We are very sorry to inform that Asad (29/1533) breathed his last on 30th January, 2002. He had a tragic road accident. We all pray for his eternal piece.]

GLOBALIZATION OF ORCA

Year 1973. Some energetic and just passed out e-cadets of Rajshahi Cadet College coming together formed a small organization ORCA. Certainly, they had a dream about it. What is the dream? Nobody knows, but everyone can guess it. Obviously, they dreamt of a flourished and huge ORCA. Today, after almost thirty years, if someone says that the dream has come true, some others might argue. But one thing is for sure, the journey towards the peak of success had been started long way back. Since then, ORCA kept on adding success feathers in the crown. Very recently, ORCA added yet another feather. It is no more congested into a national boundary rather it is now global. A new chapter of ORCA has been established across thousands of miles away from the origin our dearest Alma Mater Rajshahi Cadet College. It is the ORCA USA chapter. Hat's off to the pioneers of the job. Indeed, they proved yet once again that Rajshahi Cadet College is the proud producer of such glorious children who feel for the origin staying far away in a place which is almost 180 degree apart. Great Job! Congratulations!

Dipok Bhai (6/280), one of the pioneers and founder members of ORCA USA chapter was asked about how they could do the tremendous task and he answered the following :

"Three decades and half way around the world the cherished memories of those unforgettable few years spend among white buildings and green soccer fields on the bank of Padma is still fresh among the ORCA boys (who are men now).....That single bond was strong enough to overcome the generation and geographical gap to hold a reunion in Columbus, Ohio during the last Memorial Day Weekend (May 25th, 2002), which was hosted by Taju Bhai (3/80), Salim (6/307), and Shaku (7/330).....The seed was planted there to form an ORCA USA Chapter. On January 4th, 2003 ORCA-USA was officially launched and as they say the rest is history....."

NEWS OF ORCA CHITTAGONG CHAPTER

NEWS OF ORCA RAJSHAHI CHAPTER

A new committee has been formed in the chapter. Dr Sharif Ahmed Khan (4/201) and Saeed (18/994) have been elected President and General Secretary respectively.

Rajshahi chapter had their picnic on 27th December, 2002. They celebrated the same in the firm house of Shamsur Rahman Polin (10/534). It was a great day. At the end of the day Brigadier General Aminul Hasan

Apel (8/414) call for a tea party. Brigadier General Aminul Hasan is now posted in the Rajshahi Cantonment. Besides, ORCA Rashahi Chapter distributed winter cloths among the affected people. They distributed the clothing among 1000 families at Kolma Union of Tanore thana.

Rajshahi Chapter recently bought two shop-spaces of 200 square feet each, beside the railway station, Rajshahi. It is under construction. Within a couple of days it will be delivered to ORCA Rajshahi chapter.

WINTER CLOTH DISTRIBUTION

In all the national needs ORCA always remains beside the distressed people. As a part of it, ORCA distributed winter cloth among the affected in north Bengal. A huge amount of new and old cloths were gathered to be distributed which included blankets, pullovers and hundreds of other clothing. ORCA distributed 60% of the clothing in Kalihati gucchogram while the other 40% were distributed among the uprooted people in Rangpur City. The ORCA members in Ranpur Cantonment supported the program in every possible way. Thanks to Maj Sadeq (7/337), Lt Col. Shams (14/762) and Capt. Ashraf (26/1410), for their tremendous effort. Last but not the least, enormous credit goes to the contributor organizations which includes OMQ, BEXIMCO, ANONTO, MAXCOM AND BUET SIGMA PHI DELTA FRATERNITY. All in all a successful task.

EC MEMBER CO-OPTION

Azfar Imam Parag (14/777) was the elected ORCA treasure 10th February onwards, but for physical problems he was unable to carry on his responsibilities. He had to stay in India for a long period of time. He applied to ORCA for his resignation, ORCA president accepted his resignation and ORCA EC co-opted a new treasurer. Mostafa all Mamun Jarijs (15/821) took the charge. He had been the treasurer of ORCA for consecutive two terms and after that he left Bangladesh for Japan for Phd. Recently he returned and took his old responsibility yet another time. We wish him every success.

ORCA BLOOD FOR LIFE REPORT

In all the national disasters, ORCA has always stood beside the affected people. Besides, ORCA has established an organization, ORCA Blood for life to work as a communication media between a blood donor and a receiver. It is always a pleasure to notice people feeling for someone absolutely unknown to him. In the last years OBL basically provided blood donors to the needy people and along with that it arranged a number of blood donation programs. Now there are more than 2500 proud members of OBL. It is a remarkable milestone for ORCA that it arranged its 100th blood donation program on 20th August at Microland and including the program of 21st February, 2003 the number program arranged by ORCA reached a total of 119. Most surprisingly, the blood donation program that ORCA arranged at American International University Bangladesh on 30th October, 2002 was tremendous successful. As many as 257 bags of blood were collected. This is the most successful program in the history of Bangladesh blood donation movement. The last record was set by ORCA itself on 21st February, 2001 at TSC where 169 bags of blood were collected. In reality now ORCA has no opponent. Now, ORCA has only one goal, which is to superimpose itself.
